

# A MOVING TRAIN EXERTS 550,000 LBS. OF FORCE. IT TAKES 4 LBS. TO TURN A TOMATO INTO KETCHUP.

Before you drive beyond the safety line. Before you stand carelessly close on the platform. Before you decide to take that shortcut across the tracks. Consider the impact.

Visit [dcta.net](http://dcta.net) for more information  
or to set up a safety presentation.
